

Subject: Recommendation Letter

Jan 10, 2012

Dear David Nash (Envy Homes)

You and your team managed to build the lake house of our dreams, from start to finish in a very timely manner, you've met and exceed all our expectations in all instances.

I have found that the planning and construction of a new house always seems to present the occasional challenge or unexpected obstacle. However, each time an issue was encountered, I was contacted and given my options for resolution. Many times I relied upon the expertise and recommendations of you or/and Shane and I was never disappointed with the results. We are thankful and happy to be a proud owner of this one of a kind Envy built, Energy Star Certified home.

We again thank you for a job well done!

Best Regards,
Robert & Dorothy Calleja
