

*Help build it!*

June 19, 2012

To Whom It May Concern:

It is my pleasure to recommend Dave Nash and Envy Homes both as a general contractor and for his commitment to our community. Recently Dave donated his time and materials to take the lead on a Habitat for Humanity International project called Home Builders Blitz. The project calls on local contractors to partner with their sub-contractors and suppliers to build a Habitat home in one week. Dave made the necessary connections and the result is a completed project and a new Genesee County homeowner.

The call went out to many general contractors to help Genesee County Habitat for Humanity and we are grateful the call was answered by Dave Nash whom worked with respect, humility and confidence with our volunteers and staff to deliver the project beautifully executed and on time. This project received both local and national attention with visits from Habitat for Humanity International staff including our spokesperson Steve Thomas and the Home Builders Blitz founder, Tom Gipson.

Please do not hesitate to contact me if you require further information.

Looking Forward,

A handwritten signature in black ink, appearing to read "M. Kato".
